

Eljano Hita

Date of birth: 01/01/1995 | **Nationality:** Albanian | **Phone number:**
(+355) 684336896 (Mobile) | **Email address:** hita.eljano@gmail.com |
Address: Rr. Petro Nini Luarasi, 1001, Tirana, Albania (Home)

WORK EXPERIENCE

15/01/2024 – CURRENT Tirana, Albania

SYSTEM ADMINISTRATOR LUFTHANSA INDUSTRY SOLUTIONS

- Installing and configuring server hardware and software
- Linux configuration, management and administration
- Working with Red Hat, Cent OS and HPE Storage (mostly Aletra type SAN and some StorOne type NAS).
- Setting up virtualization technologies (e.g., VMware vSphere, Hyper-V)
- Deploying server clusters for load balancing and failover support
- Automating server provisioning, configuration, and deployment processes
- Integrating on-premises servers with cloud services (e.g., AWS, Azure, Google Cloud)
- Designing and implementing security measures at the server level
- Integrating security tools such as intrusion detection systems and security information and event management (SIEM) solutions
- Creating backup and replication strategies to ensure data integrity and availability in case of failures

14/06/2022 – 14/01/2024 Tirane, Albania

SYSTEM ADMINSTRATOR FIBER GROUP SH.P.K

- Server implementation on Linux/ Windows operation systems (building servers for hosting pages or scripts (Apache, Mysql, PHP), performing weekly backups, Active Directory & GPOs).
- Network Administration.
- Database Administration.
- Virtualization (VmWare, vSphere, Proxmox)
- VPN Implementation: Successfully implemented WireGuard VPN in a star topology, providing secure connectivity between different sites. Ensured high availability and low latency to enhance remote access capabilities.
- Monitoring Systems (Zabbix & Syslogs centralization with elasticSearch & Graylog)
- Automation and Infrastructure Management: Proficient in automation tools such as Ansible and Ansible Semaphore, streamlining configuration management and repetitive tasks.
- Utilized Terraform to automate the provisioning and management of virtual machines on the Proxmox VE platform.
- Committed to Security and Compliance: Implemented security measures and adhered to ISO 27001 standards to safeguard sensitive data and ensure regulatory compliance. Implemented firewall rules, access controls, and encryption protocols to protect network infrastructure and data assets.

14/06/2021 – 12/06/2022 Tirane, Albania

INFORMATION TECHNOLOGY SPECIALIST SISAL GROUP

- Perform troubleshooting using different diagnostic techniques.
- Configuration and maintenance of routers and switches (mainly cisco).
- Configuration and maintenance of servers (Windows, Linux).

05/07/2018 – 01/06/2021 Tirane, Albania

TELECOMMUNICATIONS ENGINEER AMBROGIO

- Troubleshooting and solving problems of standard analogical internet connections, Bitstream, ULL, Fttc, EasyIp.
- Configurations in Abilis machine via TeraTerm (telnet, ssh), routing table, phone calls regulations, NAT regulations, physical devices (router, POS, fax, potsbox), FTP, DNS, COS, VPN, Firewall, etc.
- Configuration and remote control of modems and switches.

08/03/2017 – 23/05/2018 Tirane, Albania

TECHNICAL OF COMMUNICATION AND INFORMATION PROCESSES SIELTE

- Analyzing ADSL lines for Vodafone Italy (Wireless, Coax, Fiber).
- Detecting and identifying the nature of the problem.
- Monitoring the performance lines.

EDUCATION AND TRAINING

2014 – 2020 Tirane, Albania

BACHELOR DEGREE Fakulteti i Shkencave te Natyres

- Mathematics
- Java
- HTML/ CSS/ JavaScript
- Web Programming
- Software Engineering
- Database
- Operating systems
- Programming in C++

Field of study Computer Science

10/2017 – 03/2018 Tirane, Albania

CCNA COURSE (CISCO) Connect Academy

- Configure initial settings on a network device.
- Configure Ethernet switch ports.
- Implement static routing and RIPv2.
- Implement DHCP on a router.
- Implement network address translation (NAT).
- Implement access control lists (ACLs) to filter traffic.
- Configure and troubleshoot inter-VLAN routing
- Configure and troubleshoot advanced operations of routers and implement OSPF and EIGRP routing protocols for IPv4 and IPv6.

10/2016 – 01/2017 Tirane, Albania

IT ESSENTIAL CERTIFICATE (CISCO) School of informatics (Cisco)

- Select the appropriate computer components to build, repair, or upgrade personal computers.
- Install components to build, repair, or upgrade personal computers.
- Install Windows operation systems.
- Perform management and maintenance of Windows operating systems.
- Configure computers to communicate on a network.
- Explain how to configure, secure and troubleshoot mobile, OS X, and Linux operating systems.
- Install and share a printer to meet requirements.

LANGUAGE SKILLS

Mother tongue(s): **ALBANIAN**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	B2	B2	B2	B2	B2
ITALIAN	B2	B2	B2	B2	B1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

DIGITAL SKILLS

Microsoft Office | Touch-Typing | Social Media Management - Social Media Ads

Programming Skills

object-oriented programming | DOM Manipulation | Web-Development | HTML5/CSS, Javascript | C# | Github | Java | Bootstrap | MySQL | AJAX

PROJECTS

Vanilla JavaScript Simple Games/ UI/ Apps

Simple and cool Games/ UI/ Apps using vanilla Javascript (no Frameworks).
Feel free to take a look at my github profile :)
